Deferments

1. **If deferred the admission, do I need to apply TA-ship?**
   Yes, an online application must be filled so we highly encourage you to apply on February 1st – February 15th for the Teaching Assistantship.

2. **What is the procedure to defer the admission?**
   If this is your first deferral request, then Login to the Galaxy portal and choose the applicant center. There you can use the “Request Graduate Deferment”. If this is your second request then contact the Office of Admissions.

   **Deferral Instructions.**

3. **How many times can the admission be deferred?**
   The maximum time to defer the admission is for 2 times and can be done for 2 long semesters. If the initial offer is for Fall 2021, the overall deferral that can be made is till Fall 2022 and not beyond that. However, note that you are only allowed to defer two times. Anything more that this would require a new application.
